The market was livier than on any day this week. Rebounds after professional bear attacks ceased, were rapid. Baldwin after selling down to 107 1-2, jumped to 109 in twenty minutes.

The better class of stocks showed evidence of secumulation. Mexican Petroleum on sale of 1,000 shares petroleum on sale of 1,000 shares recovered from 169 1-4 to 172 1-2. Pan-American old stock got above \$81 and the B issue sold at 77 1-2, up 1-2.

Call money again renewed at 6 per cent.

A covering invenent in Crucible carried that stock from 192 to above 200. All equipments issues acted weil and a considerable quantity of Baldwin was taken above 110.

The market closed higher.

THE 'DON'T KNOWS' The 'Don't Knows' are with us again.

They don't know whether school is going to keep or not; they don't know what is going to happen in this country there is so much unrest; they don't know whether they are going to keep their job; they don't know how long busi-

ness is going to continue good.

The great bunch of DON'T KNOWS. Pessimists, They stand around with their hands folded, wondering how soon the worst is going to happen.

In the meantime, the great Old Earth travels around on its axis every twenty four hours, the sun shines, it rains a little, the moon comes out from behind the silver lined cloud, and the procession of life goes merrily on, leaving the great bunch of 'Don't Knows' far in the rear.

· Opportunities do not conte to the 'Oon't Knows,' the man with the folded hand, but to the Optimist, the man who has his face to the Sun, the man with the smile, the man in the vanguard of Life's Procession. He keeps up in the front ranks, not discouraged because every day is not a 100% prosperity day, but working every day to make it such.

Get over being a 'Don't Know.' Don't stand still. Don't let the procession go by you. Work, Save, Invest.
